

Carry Distance Chart

Carry, not total. Total is what you tell your friends. Carry is what clears the bunker.

Club	Carry	Club	Carry
Driver		7 iron	
3 wood		8 iron	
5 wood		9 iron	
Hybrid		PW	
4 iron		GW	
5 iron		SW	
6 iron		LW	

Build it honestly

Use your average carry, not your best one. The best one shows up twice a round. The average one shows up on every shot that matters.

Course use: outside 140 yards, aim at the middle of the green. From the middle, the longest putt you face is about 30 feet. Chasing pins with a club you carry once in five swings is where the big numbers come from.
