

Costly Shot Tracker

Three categories. One mark each time one happens. Total at the end of the round.

Hole	Drive out of play	Missed pitch	Three putt	Hole	Drive out of play	Missed pitch	Three putt
1				10			
2				11			
3				12			
4				13			
5				14			
6				15			
7				16			
8				17			
9				18			

Total this round	Strokes they cost	Score without them
-----	-----	-----

Why only three

Because these three are the ones that turn a bogey into a triple. Everything else on your card is already good enough to hit your number.

Outcome: after three rounds you will know which single category is costing you the most, and your practice time finally goes where the strokes are.
